

# Mwanaidi N. Masoud

## CAREER OBJECTIVE

Professional and dedicated student currently finalizing my Advanced Diploma in Software Engineering and prepared to contribute my abilities to a teaching or programming role while further developing acquired skills and gaining real-world experience. Highly organized, responsible and versed in ICDL, JAVA and Python Programming

## EXPERIENCE

### ASSISTANT LECTURER

*Edulink International College / June 2019 - Present*

- Prepare lectures for ICDL classes including theory and practical exercises. Review teaching activities and identify strategies to improve student learning outcomes by enhancing the course work for better understanding.
- Support positive image of the college by responding to student requests and inquiries regarding facilities and course work.
- Dispersed, collected and graded assignments to give detailed feedback and gauge how well the topics were understood. Develop open rapport with students to encourage engagement and academic progress.

### PRIVATE TUTOR

*Self-Employed / Aug 2017 – Current*

- Tutored over 10 struggling and average students in high school and college on high school topics, ICDL, Information Systems Management courses and also collaborated with them to complete school assignments and projects.
- Developed student confidence through attentive instruction and tracked their learning progress to identify opportunities to enhance tutoring methods and help them achieve set goals.

### INTERN

*Directorate of Criminal Investigations / May 2015 – August 2015*

- Upheld strict security procedures to maintain discretion and integrity.
- Opened, sorted, and organized materials of evidence such as physical files and reports.
- Accompanying officials to scenes of crime to collect evidentiary materials and labeling them.
